

## MyPatientVisit - Patient Registration Using Email Address

This document will walk you through the screens of the MyPatientVisit site so you can understand how the patient gains access to their account by registering with their email address provided to the practice. The practice should have received an email from your implementation specialist with your specific link and unique Practice ID.

### First login screen

If the patient is new to the site please click Create One Here.

If the patient is returning enter username and password.

The image shows the 'Sign In to Your Account' screen of the MyPatientVisit website. At the top is the logo 'mypatientvisit Connecting you to your care.' Below the title, there are two input fields: 'E-mail / Username' and 'Password'. A 'Remember Me' checkbox is located below the email field. To the right of the password field is a link that says 'Forgot your password?'. A green 'Log In' button is positioned to the right of the password field. At the bottom left, there is a red circle around the text 'Don't have an account?' with a blue plus icon and a link that says 'Create one here'.

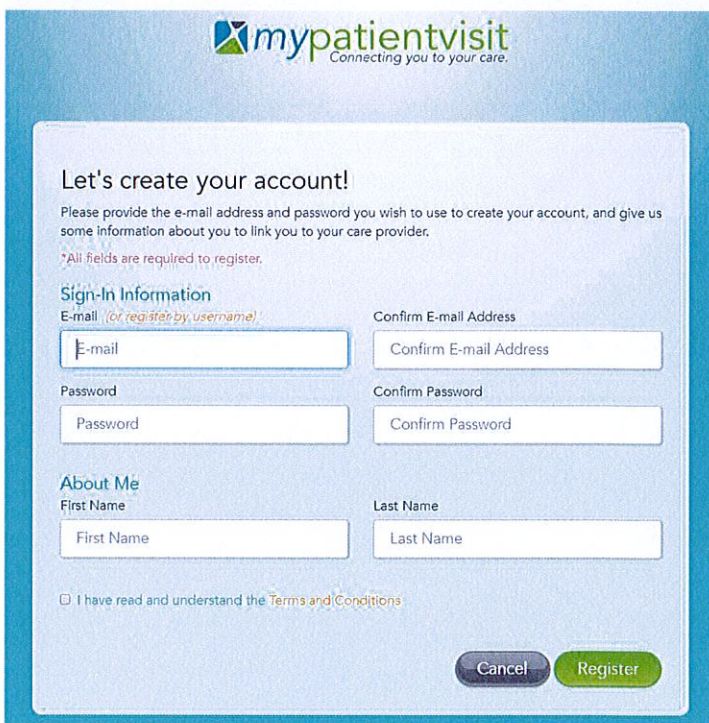

### New user login registration screen

Patient should enter the same email address and First name, Last name that was provided to the office.

Patient can create their own password.

Check the box for "I have read and understand the Terms and Conditions".

Click Register.

The image shows the 'Let's create your account!' screen of the MyPatientVisit website. At the top is the logo 'mypatientvisit Connecting you to your care.' Below the title, there is a paragraph of instructions: 'Please provide the e-mail address and password you wish to use to create your account, and give us some information about you to link you to your care provider.' Below this is a red asterisk and the text '\*All fields are required to register.' The form is divided into two main sections: 'Sign-In Information' and 'About Me'. The 'Sign-In Information' section has four input fields: 'E-mail (or register by username)', 'Confirm E-mail Address', 'Password', and 'Confirm Password'. The 'About Me' section has two input fields: 'First Name' and 'Last Name'. At the bottom, there is a checkbox with the text 'I have read and understand the Terms and Conditions'. At the bottom right, there are two buttons: a grey 'Cancel' button and a green 'Register' button.

## Email confirmation sent screen

Click Continue.

Connecting you to your care.

We sent you a confirmation e-mail...

You can continue connecting to your care provider now, but your e-mail address will need to be verified before you can log in again.

*Click 'Continue' to proceed connecting with your provider.*

Continue

## Connect to a Practice Screen

This screen should display the unique practice ID in the practice ID field.

The patient should enter their Date of Birth.

Click Connect.

Connecting you to your care.

Connect To a Practice

A security code may have been given to you by your care provider, but it is not required to gain access to your patient record.

Please enter the Practice ID provided to you and your Date of Birth to connect to your care provider:

Practice ID

Date of Birth

☐ My care provider provided me with a security code.

Connect

## Safe Health Code (send)

In order to verify the patient with the practice the patient will be sent a Safe Health Code.

Click Send Code.

Connecting you to your care.

We've located your record!

We've located your patient record in our database, but before we can grant you access to your information we must first verify your identity using our Safe Health Code system.

Please choose the method where you would like to receive your Safe Health Code:

\* h\*\*\*\*\*4@msn.com (E-mail)

Send Code

## Safe Health Code (enter)

Patient should enter the digit code sent to their email address.

Click Connect.
